

Grandmother's Pearls

Grandmother's pearls hanging from my neck
No small reminder of what she said
Time will go faster than you expect
Dreams were secrets she kept

Don't betray
Or hide from your fate
Or the day
Will come
When it's, is it too late now?

I don't
Wanna replace all my dreams with old regrets
Mother said to me
Don't be naive, you'll make your bed
Am I high above?
Or far below?
Until you look back you'll never know
I don't
Wanna replace all my dreams with old regrets

Carry her words in my uncertainty
Risk who I am for who I want to be
Who can I trust if it isn't me
It's the one thing I keep

I won't betray
Or hide from my fate
So the day
Won't come
When it's, no it's not too late now

I don't
Wanna replace all my dreams with old regrets
Mother said to me
Don't be naive, you'll make your bed
Am I high above?
Or far below?
Until you look back you'll never know

I don't
Wanna replace all my dreams with old regret
When did the things I love
Become something I'm trying to prove
But the things I love
Remind me I've got nothing to lose

I don't
Wanna replace all my dreams with old regrets
Mother said to me
Don't be naive, you'll make your bed
Am I high above?
Or far below?
Until you look back you'll never know
I don't
Wanna replace all my dreams with old regrets

When did the things I love
Become something I'm trying to prove
But the things I love
Remind me I've got nothing to lose

I don't
Wanna replace all my dreams with old regrets
